- Playing golf at Fancourt Links Golf Course. The signature hole at the Links Golf Course is often considered to be Hole 15, also known as "Cathedral." This is a par 3 hole that stands out due to its dramatic setting and demanding shot requirements. The tee shot requires precision and careful club selection, as the ball needs to carry over the valley to reach the green.

- Safari at Shamwari Game Reserve. Shamwari is renowned for its rich biodiversity and abundance of wildlife. Visitors have the opportunity to witness the "Big Five" in their natural habitat, along with numerous other fascinating animal species.
